## Funding to develop your business...

Elsby & Co works in partnership with [Business Link](#) to provide guidance and support in helping identify funding initiatives that you may be eligible for through the regional business support network and the subsequent completion of any associated application forms involved.

This funding can, in some instances, be used towards engaging with us to provide additional consultancy services that deliver real cost effective solutions to your business.

Access to latest funding initiatives currently available (Jan'09):

1. **Business Recovery Grant**  
£1500 funding towards the cost of a consultants report or similar, possibly then followed by a Business Transformation Grant (50% funding)
2. **Business Transformation Grant**  
50% funding available towards the costs of any expenditure towards making changes in a business for the purpose of generating extra sales or improving efficiency etc. £10k max but will deduct the BRG if this has been received as well.
3. **Leaders First**  
Grant towards costs of Coaching for business owners
4. **Mentoring Escalator programme**  
£250 for 10 half day mentoring sessions with business mentors from the business community
5. **Route to Market**
