TAX INVESTIGATIONS ARE STRESSFUL AND COSTLY.

What is the tax investigation fee protection service? It is an insurance backed service which protects you from accountancy fees associated in dealing with any HMRC enquiry or dispute.

Why would I be investigated? There is no definitive answer as to why, but there are a lot of possibilities: filing a late return, errors that require correction, dealing with cash, HMRC receives a tip off, or working in a targeted business sector, to name a few.

The revenue's 'snooper computer', Connect, collates data from banks, Land Registry records, Visa and MasterCard transactions, DVLA, council tax, VAT registration documents, Airbnb, and believe it or not even your social media profiles.

A common misconception is that a mistake has been made but that is rarely the case. **Random enquiries can and do happen.**

How much does an enquiry cost?

Representing you can easily run into thousands of pounds but will vary from enquiry to enquiry, even if no extra tax is paid at the end.

Immediate professional representation from your accountant is essential in successfully and quickly dealing with HMRC enquiries, but that will come at a cost, and will not be in your budget.

Be **SAFE** in the knowledge that we will **REPRESENT YOU** and deal with HMRC on your behalf

CASE STUDY.

A request was submitted to consider an HMRC enquiry into a Coronavirus Job Retention Scheme (CJRS) claim.

The fees were authorised for the accountancy practice to respond to HMRC. There were no errors found and fees paid to handle the enquiry totalled many hundreds of pounds.

These fees were paid in full by the service.
